Attention CASCWA! We wish to thank our presenters for providing their presentations and website access to our attendees and members! Please go to [http://cascwa.org/about-us/southern-section/](http://cascwa.org/about-us/southern-section/)
Mr. Ron Wenkart has been a “Friend to CASCWA” for decades! This editor had the good fortune of working in Orange County and considers Mr. Wenkart as a true educational hero. Mr. Wenkart’s presentation was detailed and targeted acceptable use policies, student monitoring, student searches, student discipline and additional resources. Mr. Wenkart always takes a position that puts educators on firm ground. CASCWA is indebted to Mr. Wenkart.

Ron Wenkart
Since 1978, Ron Wenkart has been an attorney representing school districts in California and is currently the General Counsel, Schools Legal Service, for the Orange County Department of Education in Costa Mesa, California. He and his staff represent school districts, community college districts, the Orange County Superintendent of Schools and the Orange County Board of Education in matters pertaining to education law. He has been a featured speaker at seminars and made numerous presentations on a variety of topics relating to education law. Mr. Wenkart has been active in legislative efforts to provide additional federal funding for special education and other issues.
Ms. Ashlie Bryant is a special human being. The topic of “Human Trafficking” is a terrible topic for our youth. After listening to her presentation, this editor firmly believes that every educator, parent, student, community member & civic leader in the United States of America would benefit from Ms. Bryant’s presentation. She the founder of 3Strands Global & they have teamed up with Frederick Douglas Family Initiatives & Love Never Fails to make a difference in the lives of exploited youths. Ms. Bryant’s life work has true meaning for today’s youth and she is to be commended for delivering this message throughout the State of California. Make certain you visit their website!
Mr. Joe Eberstein’s presentation, “The Evolving Drug Landscape – ONLINE” was in-depth and thought provoking! Joe is an exceptional speaker. His background and his expertise delivered significant information to all of the workshop attendees. Mr. Eberstein is also to be commended for his work on the SARB Board of the Grossmont Union High School District (State Model SARB Award recipient.) Joe’s presentation was comprehensive, focusing primarily on marijuana use and he listed several action items that can be done to combat this drug crisis and internet misuse.

Joe Eberstein
Joe Eberstein currently works for the Center for Community Research Inc.; he is the Program Manager for the San Diego County (MPI) Marijuana Prevention Initiative. Mr. Eberstein is a former New York City Police Officer and has had 10 years’ experience working in the prevention systems in both San Diego and Los Angeles Counties. His role includes developing prevention materials and guiding regional prevention providers to develop strategies to reduce youth use of marijuana and spice.
Unbelievable! Mr. Garcia’s knowledge of the internet and social media is astonishing! His presentation covered aspects of the internet that every educator and parent need to know. Salvador then showed our attendees an unbelievable number of social media sites that student’s use and many of us didn’t know even existed. His presentation confirmed the fact that the internet can be friend or foe! Thank you Salvador for an in depth presentation!
Below you will find pictures of a few of the individuals who assisted in making the workshop a success. We thank you for a job well done!
